Coaching children, aged 6 – 13, is a really significant and rewarding role within the coaching pathway. Players need excellent support and passion at every level of their development. The course is designed with your players' needs at its core.

In turn, the experiences, tasks, practices and sharing of ideas which you experience during the course are designed to help equip you with the tools you need to meet your players' needs.

Just as players learn quickly, so do coaches. The challenge for all coaches is to learn as they develop, just as players do.
